Greetings, Christine:

Thank you for bringing to our attention the PCB situation regarding the Pechiney site. Your collaboration is appreciated.

Attached is USEPA's October 6, 2006 letter to Geomatrix (Linda Conlan) disapproving the "Polychlorinated Biphenyls (PCB) Notification Plan, Pechiney Cast Plate, Inc. Facility, Vernon, California." This notification which was prepared by Geomatrix for Alcan, Inc. was submitted for USEPA approval under the TSCA PCB self implementing cleanup requirements.

I look forward to our conference call today at 3:00 pm and to a constructive dialogue among the involved parties.

Regards,
Carmen
